

A Message to Mrs. Marnie Wildenthal

WE STAND WITH YOU

Many know you as the wife of Kern Wildenthal, M.D., Ph.D., under whose leadership UT Southwestern Medical Center grew into the world class organization it is today. We are grateful and thankful that you are also:

- ★ **A WOMAN OF INTEGRITY:** *You and your husband and family hold yourselves to the highest of ethical standards.*
- ★ **A PASSIONATE EDUCATOR:** *For over thirty years you served as a respected 7th and 8th grade teacher at the Episcopal School of Dallas.*
- ★ **A COMMUNITY LEADER AND VOLUNTEER:** *Your philanthropic and voluntary involvement is extraordinary. You have provided board level leadership at Charter 100, TACA, Vickery Meadow Learning Center, Chiapas Project, Shelton School, Highland Park Education Foundation, Mental Health Association, Uplift Education, and Friends of WRR and served as the Docent Chair for the Dallas Opera.*
- ★ **A VALUED TEAM MEMBER:** *You have elegantly and thoughtfully represented the University at thousands of functions in the past three and a half decades. In his role at UT Southwestern, Kern has raised \$2 billion from loyal, supportive and generous donors. As a portion of gifts received, development expenses were among the lowest of all major universities and medical centers across the nation. You and Kern personally integrated UT Southwestern into the community and the world.*
- ★ **A MOTHER, GRANDMOTHER and BELOVED FAMILY MEMBER:** *You and Kern have raised a wonderful family. They, like you, are kind, intelligent, productive people who make a positive, meaningful impact on their communities.*
- ★ **A FRIEND:** *Your circle of friends is wide, deep and admiring. You take the time to learn what is important in the lives of others. You know what to ask and when to listen.*

We are honored that you and Kern are leaders within Dallas and beyond. An affront to you through an injustice being inflicted on your husband is an affront to us, to the world class organization your family has been instrumental in creating, and to all who benefit from the excellent education, research, service and medical care UT Southwestern provides. We hope that those who insinuate erroneously that your and Kern's activities are anything less than honorable and honest begin to act with the dignity and grace that you and Kern embody. We look forward to your continued positive impact in the years to come.

We Stand With You, United.
Loving Friends of Marnie and Kern Wildenthal
